

Olly Watts

CEO, ES GLOBAL

Olly is a seasoned events industry professional specialising in concert staging and relocatable architecture. With 30 years' experience, he has led design, procurement, logistics, and construction, shifting in the last decade to strategic leadership and financial control.

As joint-CEO of ES GLOBAL, he oversees project delivery, team management, and high-level reporting. He has played a key role in major world events, including delivering modular structures for London 2012, relocatable venues for Tokyo 2020, and key structures for Paris 2024, reinforcing ES GLOBAL's expertise in large-scale event infrastructure.
